richa rathi QUESTIONS

Based on the JSON data and theme input, I've created a customized podcast questionnaire tailored specifically to Richa Rathi's profile. Here are 25 unique and meaningful questions divided into logical sections:

Introduction

1. Welcome, Richa! Can you tell us a little bit about yourself and what motivates you?
2. How did your academic journey shape your interests and passions?

Technical Journey

3. What sparked your interest in data science, and how has it evolved over time?
4. Can you walk us through your experience with projects like Generic File Base Database Management System, CertiGen - Certificate Generator, and Loan Approval Prediction?
5. How do you stay up-to-date with the latest technologies and trends in the field?

Internships

6. Tell us about your upcoming software engineering internship at Microsoft this summer.
7. What did you learn from your previous internships, and how have they prepared you for future opportunities?

Career Advice

8. What advice would you give to students just starting their academic journey?
9. How do you balance your technical skills with soft skills like communication and teamwork?
10. What are some key takeaways from your experiences that you think others could benefit from?

Education

11. Can you share more about your education at MKSSS's Cummins College of Engineering for Women, including any notable projects or achievements?
12. How did your educational background influence your career choices and goals?

Participation

13. You've participated in various hackathons and coding challenges. What drives your passion for these events?
14. Can you share a particularly memorable experience from one of these events?

Mentorship

15. Who has been an influential mentor or role model in your life, and what have they taught you?
16. How do you think mentorship can play a role in personal growth and development?

Skills and Familiarity

17. Can you walk us through how you've developed skills like JavaScript, Python, JDBC,

richa rathi QUESTIONS

SQL, and Tableau & Power BI?
18. What are some areas where you're looking to improve or expand your skillset?

Profile Links and Contact Information

19. For listeners who want to learn more about your projects or connect with you, what are your profile links (e.g., GitHub, LinkedIn)?
20. How can people reach out to you for collaboration or mentorship opportunities?

Personal Growth

21. What does personal growth mean to you, and how do you prioritize it in your daily life?
22. Can you share a time when you stepped outside your comfort zone and what you learned from the experience?

Lessons Learned

23. What are some key lessons you've learned throughout your academic and professional journey so far?
24. How have these lessons shaped your approach to challenges or setbacks?

Future Goals

25. Looking ahead, what are some exciting projects or goals you're working towards, and how do you plan to achieve them?

These questions aim to engage listeners while exploring various aspects of Richa Rathi's life, from her academic journey to her technical skills and personal growth experiences. The tone is thoughtful and reflective, encouraging introspection and analysis throughout the podcast.
